

SIKHS IN MOURNING FOR VICTIMS OF TERRORIST ATTACKS

We have recently endured the most horrific attack on our country. The people who are responsible for the crime must be punished. However, some people are misdirecting their anger towards other innocent Americans. The American public has repeatedly seen the face of Ossama Bin Laden with beard and turban, in the media. Some people are associating a turban and anyone wearing one with Bin Laden and his followers. It is important to inform the public that the MAJORITY of those wearing turbans in the US are SIKHS. Sikhs share NO religious, political or cultural links with these terrorists and in fact are neither Muslim nor from the Middle East. Sikhs strongly denounce any wrong-doing towards humankind. The Sikh religion was founded on love and equality for all people; tolerance of all religions; and peace on earth.

GOD BLESS AMERICA
